Specialized products designed to meet the needs of your bariatric residents or patients. Our products help provide a healthy skin environment through fabrics with enhanced moisture management properties. Our selection also features thin profile products that are wrinkle resistant to reduce the risk of pressure injuries, commonly experienced by care recipients with limited mobility in bed.

Swift

BARIATRIC SPECIALIZED PRODUCTS AND ADAPTED SYSTEMS FOR RESIDENTS AND PATIENTS

Swift Repositioning System

The most cost-effective resident/patient repositioning system. Swift UltraSlide helps promote independence and reduces staff/nurse neck and back injuries caused by lifting and repositioning.

Swift Slider (A)

Benefits

- Low-friction backing allows for safe and easy repositioning

UltraSlide Bottom Sheets (B)

Benefits

- Breathable taffeta backing avoids heat buildup
- Additional friction reduction and hence less effort

AURORRA Clothing Protector

A clothing protector specially designed for the larger resident/patient featuring multiple snap positions.

Benefits

- Generous size that offers proper coverage and dignity

FUSION[®] Patient Care Underpad

By eliminating the potential for pressure points, FUSION creates a smooth surface for a patient/resident's sensitive skin to lay on. With skin integrity at the forefront of its mandate, FUSION helps protect the person's skin from moisture, shear, and friction.

Benefits

- STAY DRY unquilted surface provides superior moisture management

SOLUS™ I.V. Gowns
THE PERFECT BALANCE OF COMFORT & DIGNITY

Solus gowns have been developed using the latest in textile technology to enhance resident/patient care & comfort.

Benefits

- Soft brushed fabric that feels comfortable on the skin
- Generous size that offers proper coverage and dignity
- Moisture management properties keep skin feeling dry

INTEGRIDERM™ Mattresses

Integriderm mattresses offer excellent pressure redistribution for your resident/patient. They are designed to provide a healthy environment for the skin & body.

Benefits

- Breathable and moisture wicking material for better comfort
- 3 Foam layers that provide comfort and support

UltraKnit™ Sheets

Ultraknit sheets are designed with our special 4 way stretch knit fabric that ensures a wrinkle free surface and allows for the total emersion of the resident/patient into the support mattress.

Benefits

- Breathable knit fabric helps control moisture
- Soft texture fabric promotes comfort
